WHO WE ARE

GROWING ROOTS IN THE FUTURE

Universidade Católica Portuguesa is an academic community that helps defend and develop the human being and his/her cultural heritage through research, teaching and community services. It is a major presence in the Portuguese university world, characterized by a humanist vision and with groundbreaking contributions in all areas of knowledge.

Universidade Católica Portuguesa boasts amongst its alumni a Nobel Peace Prize laureate, several of the top CEO's in the world, and recognized leaders in politics, law, economics and the arts. It is the founding institution of the University of Saint Joseph in Macao and it was involved in setting up the Catholic University of Angola.

ADVANCING THE WIDER
CONDITION OF HUMANITY
WHILE RESPECTING OUR
COMMON ECOLOGY.
HERE, WE DARE TO ACT ON
THINKING AND PROUDLY SERVE
SOCIETY BY CREATING VALUE
WITH VALUES.”**

Isabel Capeloa Gil
Rector

OUR MISSION

**UCP AIMS TO SERVE BY PROVIDING
INNOVATIVE IDEAS AND EXCELLENT
RESEARCH AND BY PROMOTING HIGH
QUALITY EDUCATION.
BUILT LOCALLY TO INSPIRE GLOBALLY,
UCP HAS AN INTERNATIONAL VOCATION
LED BY THE HUMANIST CATHOLIC
TRADITION.**

STRATEGIC 2015 2020 PLAN

UNLOCKING BORDERS INTO THE FUTURE

THE MOTTO OF CATÓLICA'S STRATEGIC
PLAN AIMS TO INSPIRE INTO ACTION.

IT REVOLVES AROUND THE CREATION
OF A STRATEGY ANCHORED BOTH
IN THE SEARCH FOR TRUTH THAT GUIDES
SCHOLARLY KNOWLEDGE AND IN THE
WILL TO GO BEYOND THE MANY BORDERS
THAT CONTROL OUR WORLD, AND TO DO
SO IN AN INCLUSIVE AND OPEN FASHION.

AS A RESEARCH UNIVERSITY, CATÓLICA IS COMPELLED TO DEFINE ITS ACTION AS BASED ON THE UNDERSTANDING OF

- » Research as the basis for teaching and community service;
- » Comprehensive internationalization as the institutional commitment to bring international diversity into teaching, research and into every level of the organizational structure;
- » Smart specialization drawn from a careful analysis of the university's scientific and educational strengths, thus enabling a boost in the excellence of our projects.

THE STRATEGIC PLAN IS SET ON THE DEVELOPMENT OF

- » Strategic alliances with reputable Catholic universities, because the excellence of our training requires a dialogue with like minded institutions, sharing the same culture and aiming high in the pursuit of excellence;
- » Strategic partnerships with stakeholders in civil society, namely companies, thus building bridges with the professional world and bridging gaps which are under current conditions decisive for research training.

THE PLAN IS STRUCTURED AROUND THE 5 KEY VALUES OF THE UNIVERSITY

- » The defense of Catholic culture;
- » The commitment to the expansion of knowledge;
- » Embracing the global with an Atlantic voice;
- » The support of the adventurous spirit that prompts the university to traverse borders;
- » Advocating excellence as the goal of a research university.

BECAUSE KNOWLEDGE IS VOID IF NOT AIMED AT STRENGTHENING INDIVIDUAL TRUST, THE OVERALL PROGRAM OF THIS STRATEGIC PLAN IS STRUCTURED UPON A 360° UNDERSTANDING OF EDUCATION. IT STARTS FROM THE DEFENSE OF THE PERSON AND HER VALUES, TO MOVE ON TO THE SKILLFUL DEVELOPMENT OF CORE COMPETENCES AIMED AT FORMING EXCELLENT PROFESSIONALS, WHO WILL BE ABLE TO ADAPT TO THE CHALLENGES AND THE COMPLEX PROBLEMS OF OUR GLOBAL WORLD.

OUR VALUES

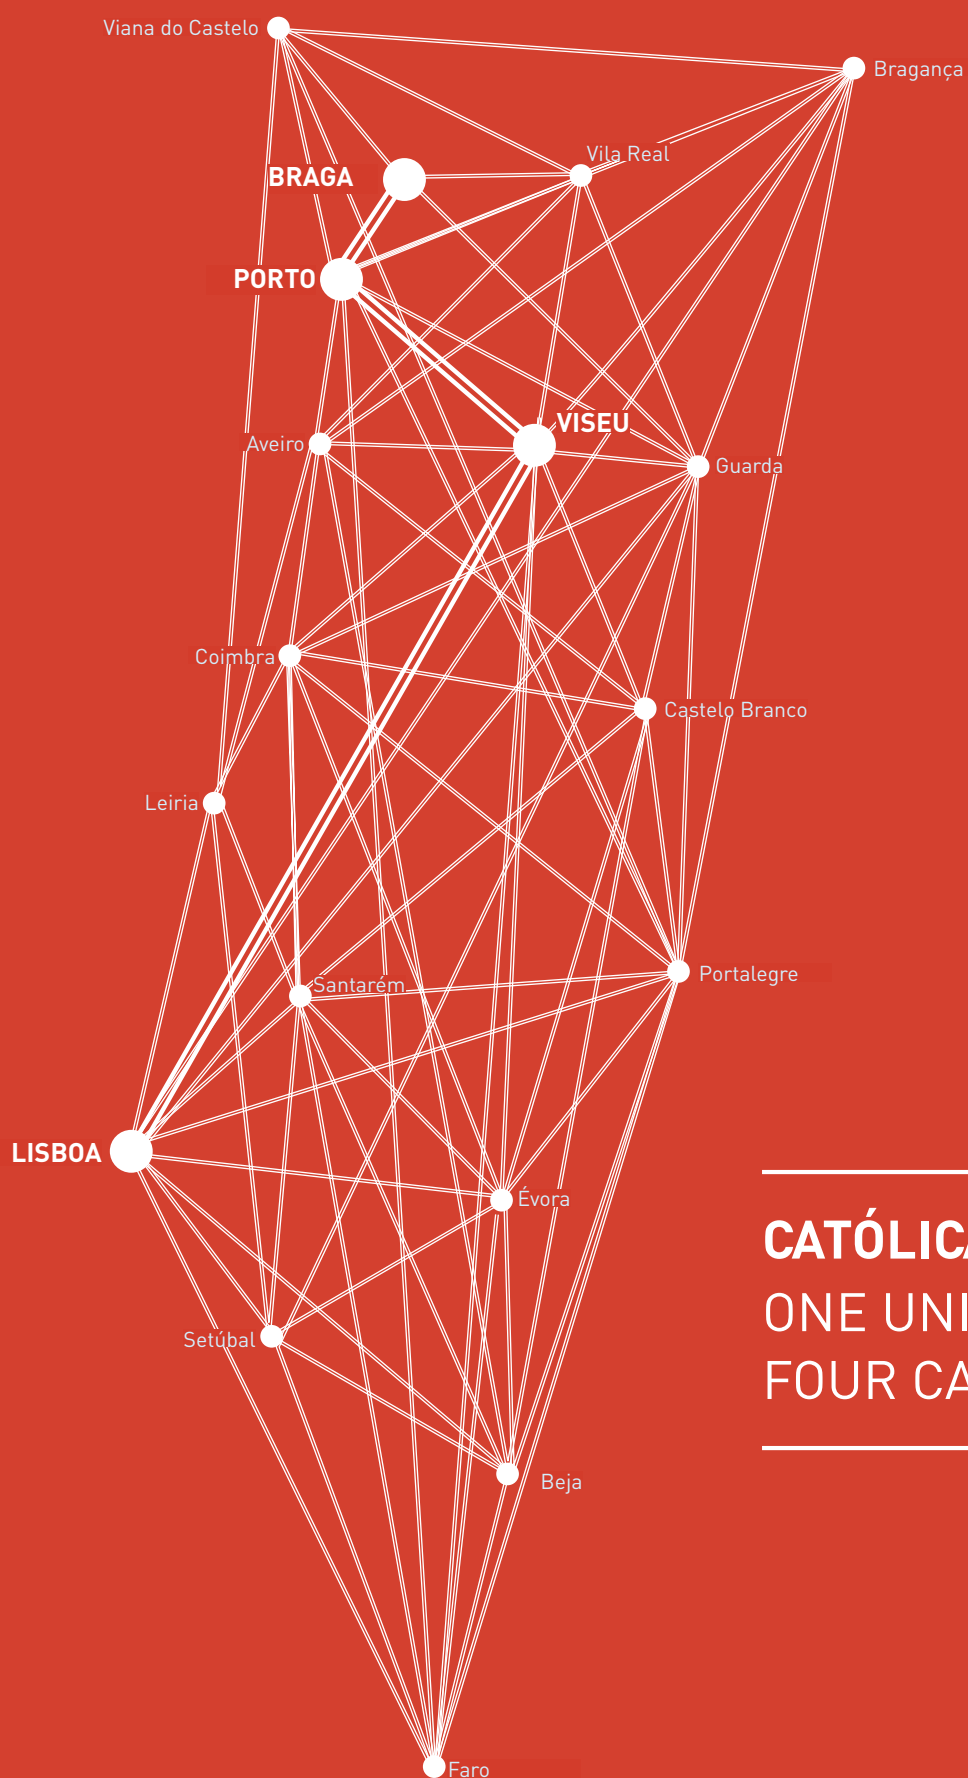

**THE PURSUIT OF EXCELLENCE
IN RESEARCH AND TEACHING**

**STRIVING FOR DIGNIFIED
AND SUSTAINABLE HUMAN
DEVELOPMENT**

**EMBRACING MERIT,
TRANSPARENCY AND QUALITY**

**RECOGNIZING SOCIAL PROGRESS
WITH A FOCUS ON THE RESPECT
FOR THE INDIVIDUAL**

**EMPOWERING CREATIVITY
AND INNOVATION**

HEALTH AND TECHNOLOGIES

The Universidade Católica Portuguesa, through the Faculty of Biotechnology and its research centre CBQF (Centre for Biotechnology and Fine Chemistry), holds more than 25 years' experience of R&D in the food – environment – health axis. In addition, the university, through its Institute of Health Sciences, has been developing programs ranging from Dentistry to Nursing. The Institute also excels in the area of Cognitive and Neurosciences.

Dean – Faculty of Biotechnology (UCP)

LAW & POLITICAL STUDIES

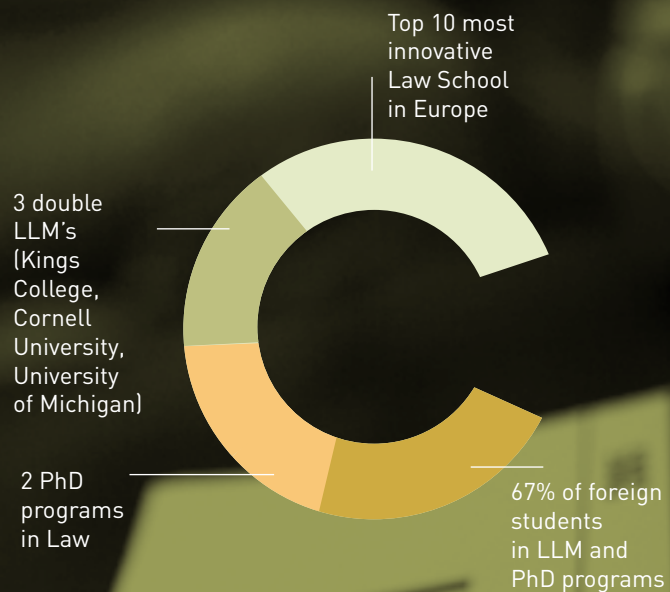

The national Faculty of Law is one of the most prestigious units of Católica. Católica Global School of Law was established in 2009 and it is becoming an important center of graduate teaching and research in law from a global perspective. Since its founding, the school has attracted a remarkable group of scholars and classes of graduate students from all over the world.

In addition, Católica's Institute for Political Studies is a future oriented project inspired by the past example of the Sagres' Navigation School. Its BA, MA and PhD courses are a landmark of what we proudly call the best school of political studies in the Portuguese speaking world.

Judge, Constitutional Court of Portugal (1998–2006)

ARTS, HUMANITIES AND SOCIAL SCIENCES

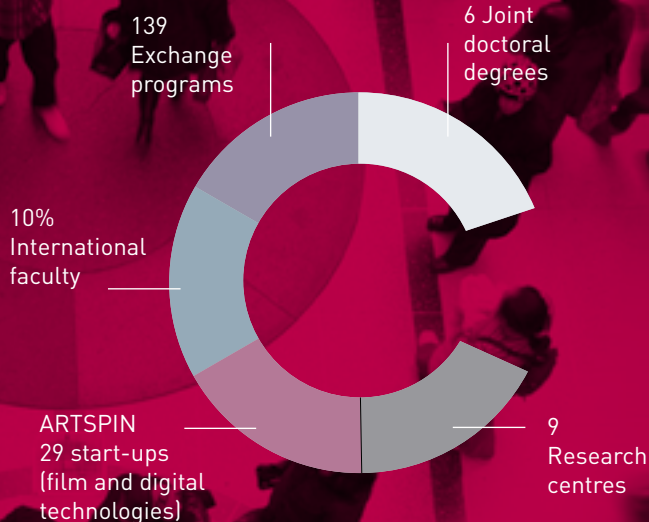

Arts and Humanities are the heart of Católica's global education project. Firmly promoting education and research anchored in the Christian vision of the world, Católica is deeply involved in ecumenical studies and in interdisciplinary projects with a wide array of areas, ranging from Law to Philosophy, Literature or Health Sciences, bringing together a varied community of experienced and young researchers from all over the globe.

Arts and Humanities are the node of a scholarly community of knowledge open to the challenges of the world. It supports our commitment to educate creative entrepreneurs, ethical political leaders and humanist researchers and innovators.

RESEARCH

CLOSING-IN ON THE FUTURE

“YOU ARE EMPOWERING PATIENTS AND CAREGIVERS (...) YOU ARE BRINGING MEDICINE INTO THE 21ST CENTURY BY HARNESSING THE POWER OF CITIZEN INNOVATION. IT’S FOR PROJECTS LIKE YOURS THAT THE WORD “INSPIRING” WAS INVENTED.”

Carlos Moedas

European Commissioner for Science, on the Patient Innovation Project developed by CUBE Católica Lisbon’s Research Unit in Business and Economics, ranked Best Research Center in Social Sciences in the in the 2014 FCT Research assessment exercise.

Universidade Católica Portuguesa is a leading research institution. In addition to the commitment to fundamental research, the University is recognized for the social impact of its research agenda and for its contribution to the formulation of policy. Research at the University is organized into Research Centres (R&D Units) and Associate Laboratories, following the National Scientific System implemented by the Portuguese Science Foundation (FCT). Within this model, the University has been successful in guaranteeing

competitive national funding for its units, boasting an Associate Laboratory and several research centres in the Social Sciences recognized with the Excellence Seal by the competitive international evaluation carried out by FCT. The strategic areas for development bring together research domains that have attained international excellence and at the same time speak to the identity of the institution.

They are:

- I) Economy and Digital Culture;
- II) Environment, Health and Sustainability;

THEOLOGY

“THE QUALITY OF UNIVERSITIES IS REFLECTED IN THE QUALITY OF SCIENTIFIC PRODUCTION OF THEIR FACULTY AND STUDENTS. TWO MAIN INITIATIVES OF THE UNIVERSITY DESERVE TO BE HIGHLIGHTED: AN EFFORT TOWARDS INTERDISCIPLINARY RESEARCH, AND THE FOUNDATION OF A DEPARTMENT, NAMED CREATING HEALTH, THAT BROKERS ACCESS TO INTERNATIONAL FUNDING FOR RESEARCH IN HEALTH.”

III) Citizenship and Social Responsibility;

IV) Memory, Change and Innovation.

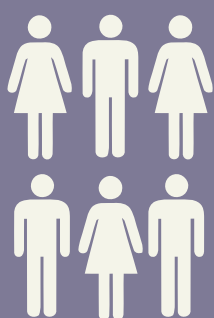

With an intellectual agenda which is inherently international, the goal of the UCP 2020 Strategy is to advance research and impact knowledge production in the selected areas, to foster international and intersectoral cooperation, and to contribute to the global innovation agenda.
